SEPYMP F800

EAN/UPC:B0HGB38K3J

Brief Introduction Beta 2.5	The SEPYMP Model F800 is an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast ratio of 10,000:1. The manufacturer, SEPYMP, specifies a lifespan of 30,000 hours, which would equate to over 20.5 years at 4 hours of use per day. Thanks to horizontal and vertical keystone correction, the projector can be positioned with great flexibility. With its 350 ANSI lumens, the projector can effectively illuminate an image width of up to 227 cm. However, in room lighting conditions, the image width should ideally be less than 151 cm. Since the projector supports AirPlay, Miracast, and screen mirroring, it?s possible to stream high-resolution videos with surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. In addition, thanks to its Bluetooth functionality, the projector can be easily paired with other speakers. Furthermore, the projector can play 1080p content without any issues.
