TAW Stealth

TAW STEALTH

Brief Introduction Beta 2.5	A brief introduction to the Stealth: The TAW home cinema DLP projector offers 1200 Ansi lumens, a contrast of 1700:1 and an HDTV 1280 x 720 resolution. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. The projector can illuminate a picture width of up to 352 cm well thanks to its 1200 Ansi lumens. In room lighting, however, the picture width should ideally be less than 235 cm. At only 30 decibels operating noise, the model is very quiet compared to others. This model is no longer offered by TAW.
