

Toshiba TLP X150

TOSHIBA TLP X150

The Toshiba TLP X150 LCD projector has 2600 Ansi lumens, a contrast of 600:1 and an XGA 1024 x 768 resolution. The integrated media player can play files directly. An image width of up to 444 cm is possible. However, the picture should be smaller in room light. We recommend max. 296 cm. Playing 1080P is also no problem for the projector. On the market since 2008, the model is no longer offered by the manufacturer Toshiba. Unfortunately, we can no longer offer a replacement lamp for this model, neither original nor replica.

3 x 0,63" LCD TFT Panel
XGA 4/3 Liquid Crystal Display
