# Vamvo L6200

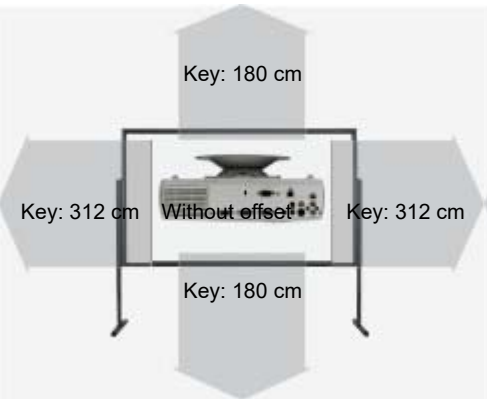

VAMVO L6200

| | |
|---|---|
| Brief Introduction<br>Beta 2.5 | A brief introduction to the L6200: The Vamvo standard portable LED LCD projector offers 340 Ansi lumens, a contrast of 5000:1 and a HDTV 1920 x 1080 resolution. It is an LED projector with 50000 hours of light life, which converts to over 34.2 years at 4 hours per day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. A picture width of up to 187 cm is possible. However, the image should be smaller in room light. We recommend max. 125 cm. As the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Another extra is that the Bluetooth function allows the projector to be connected to external wireless speakers. The model is also Full HD 1080P and 4K (compressed) compatible. On the market since 2022, the model is no longer offered by the manufacturer Vamvo, but is still very popular in our projector database. |
