Vidikron Crystal Two

VIDIKRON CRYSTAL TWO

Brief Introduction Beta 2.5	A brief introduction to the Crystal Two: The Vidikron stationary LCD projector offers 478 Ansi lumens, a contrast of 100:1 and a VGA 640x480 resolution. As Vidikron specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. The projector will be able to illuminate a picture width of 190 cm well. However, if room light is available, the image width should ideally not exceed 127 cm. This model is no longer offered by Vidikron.
