Brief Introduction Beta 2.5	The Viewsonic LS850WU is a DLP projector with WUXGA 1920 x 1200 resolution and a contrast ratio of 3000000:1. The built-in lens shift and keystone correction function provide freedom in projection adjustment. The brightness of 5000 ANSI lumens allows for an image width of 718 cm. The projector can also handle slightly brighter rooms with a smaller image width (we recommend max. 479 cm). Furthermore, it is Full HD 1080P and 3D compatible. Even projection onto the ceiling is possible thanks to the 360? projection. The model built in 2020 is no longer offered by Viewsonic.
