Wanbo T6 Max

WANBO T6 MAX

Brief Introduction Beta 2.5	The micro-portable Wanbo T6 Max LED LCD projector has 650 Ansi lumens, a contrast of 3000:1 full on/of and an HDTV 1920 x 1080 resolution. Due to the LEDs, the projector is specified with 20000 hours of light life, which is over 13.7 years with a daily viewing time of 4 hours. The ambient light sensor allows the projector to automatically optimize the projected image. The integrated media player can play files directly. 259 cm image width, the projector will be able to illuminate well. However, if room light is available, the image width should ideally not exceed 173 cm. The model recognizes screen mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. It is also Full HD 1080P and 4K (compressed) compatible. The projector is very quiet compared to others with 29 decibels of operating noise. This model is no longer offered by Wanbo, but is still a popular projector in our database.
Display Type	1 x LCD TFT Panel HDTV 16/9 Liquid Crystal Display
Projector Ansi-Lumen	650
Contrast	3000:1 full on/of
