Wimius S36

EAN/UPC:B0HL95JVYN

With the S36, manufacturer Wimius offers a micro-portable LCD LED projector featuring HDTV 1920 x 1080 resolution and a contrast ratio of 20,000:1. Thanks to the LEDs, the projector has a lifespan of 30,000 hours, which would amount to over 20.5 years based on 4 hours of daily use. The built-in media player allows files to be played directly. Horizontal and vertical keystone correction provides flexibility during setup. An image width of up to 176 cm is possible, as the projector has 500 ANSI lumens. However, if there is ambient light in the room, the image should be no wider than 117 cm. Google TV transforms the projector into a smart entertainment center with countless features. The projector supports AirPlay and Miracast screen mirroring, allowing you to stream high-resolution videos and surround sound directly via Wi-Fi from smartphones, tablets, and PCs running Android, Windows, or iOS. In addition, Bluetooth connectivity is a useful feature for the projector, especially for wireless audio transmission. The model is also compatible with Full HD 1080p and 4K (compressed).

Brief Introduction		
Beta 2.5
