WISHOLY Portable Projector

EAN/UPC:B0GCCNGH9F

Brief Introduction Beta 2.5	The WISHOLY Portable Micro-Portable LED LCD Projector features 400 ANSI lumens, a contrast ratio of 10,000:1, and an HDTV resolution of 1280 x 720. It is an LED projector with a 30,000-hour lamp life, which would amount to over 20.5 years based on 4 hours of daily use. Built-in horizontal and vertical keystone correction provides flexibility when setting up the projector. The projector can effectively illuminate an image width of up to 203 cm. However, if there is ambient light in the room, the image width should ideally not exceed 135 cm. Since the battery-powered projector does not rely on a direct power source, it can be set up very quickly, easily, and spontaneously. The model supports AirPlay and Miracast screen mirroring, making it possible to stream high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). Another notable feature is that the projector?s Bluetooth function allows it to connect to external wireless speakers. The model is also compatible with Full HD 1080p and 4K (compressed).
Display Type	1 x LCD Panel HDTV 16/9 Liquid Crystal Display
