Xiaomi L1 Pro

XIAOMI L1 PRO

The Xiaomi L1 Pro model is an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast ratio of 2000:1. It is an LED projector with a light life of 30,000 hours, which would be equivalent to over 20.5 years at 4 hours per day. It includes an integrated media player that allows files to be played directly. Since the projector has horizontal and vertical keystone correction, it can be set up with plenty of space in the room. Since Xiaomi specifies the brightness of the projector in lumens, we have calculated an approximate ANSI lumen value in this case. An image width of up to 227 cm is possible. However, the image should be smaller in room lighting. We recommend a maximum of 151 cm. With its integrated Android TV software, it offers direct access to a variety of streaming services such as Netflix, Disney+, Amazon Prime Video, and YouTube, as well as games and other interactive content. The model recognizes screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). Another extra feature worth mentioning is that the projector can be connected to external wireless speakers via Bluetooth. The model is also compatible with Full HD 1080P and 4K (compressed). At just 30 decibels, the device is one of the quieter projectors available.

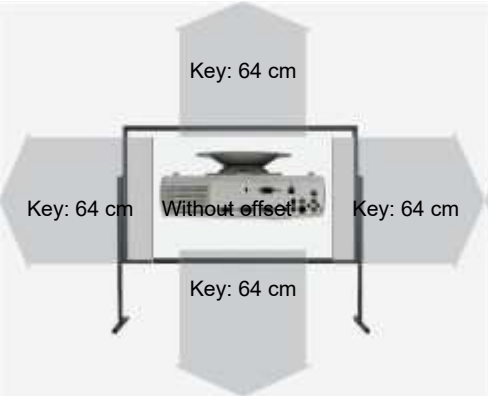

Brief Introduction Beta 2.5		
Display Type	1 x LCD Panel HDTV 16/9 Liquid Crystal Display	
	Projector	Screen
Ansi-Lumen	500 / 400 ISO Lumen	222 Lux (200 cm Screen width)
