ZCGIOBN A6G

Brief Introduction Beta 2.5	The standard portable A6G LED LCD has 950 Ansi-Lumen, a contrast of 15000:1 and an HDTV 1920 x 1080 resolution. It is an LED projector with a 30,000-hour light lifespan, which means 20.5 years of enjoyment at four hours a day. An image width of up to 313 cm is possible because the projector has 950 ANSI lumens. However, if room light is present, the image should be no more than 209 cm wide. Google TV turns the projector into a smart entertainment center with countless features. Since the projector recognizes Screen Mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Another extra feature is the Bluetooth function, which allows the projector to be connected to external wireless speakers. The model is also Full HD 1080P and 4K (compressed) compatible.
Display Type	1 x LCD Panel HDTV 16/9 Liquid Crystal Display
Projector Ansi-Lumen	950
Contrast	15000:1
Black Level	0,0633 min. Lumen
Offset	-
Screen Ansi-Lumen	422 Lux (bei 200 cm Screen)
